Attorney Docket No.: PLASLAMP-03

Amendments to the Drawings:

Applicant has enclosed instructions for entering a substitute specification. With this substitute specification, Applicant has made the specification of record the specification filed on March 15, 2001 in the original non-provisional application Ser. Nr. 09/809,718. The present application claims priority to and incorporates by reference application Ser. Nr. 09/809,718.

Similarly, the presently filed amendments to the drawings place the drawings into the form of the related application Ser. Nr. 09/809,718 filed on March 15, 2001. Changes made to the drawings delete or modify reference numbers such that the reference numbers comport to the substitute specification. The present application claims priority to and incorporates by reference the 09/809,718 application. The amendments to the drawings return the drawings to the condition in the related parent 09/809,718 application. Accordingly, the drawing amendments include no new matter.

Appendix C includes annotated marked-up drawing sheets showing changes made to Figures 1-3B, 4D, and 6. Appendix D includes replacement sheets corresponding to the amended drawing sheets in Appendix C.
